

ON Malcolm:

Malcolm's pedigree reflects many of the very best German Shepherd Dogs of the last decade.

**ROM = REGISTER OF MERIT.**

The number of ROM (Register of Merit) dogs listed on a pedigree are testimony to the depth of quality animals making up that pedigree.

Register of Merit indicates the dog bearing ROM behind his/her name has produced a specific number of Champions and qualifiers to earn the title

**SELECT = RANKING OF THAT DOG IN THE COUNTY**

The title of Select indicates those dogs were given a "SELECT RATING" at the American or Canadian National Specialty Show

The Select title indicates that dog is ranked in the top tier of German Shepherds in the country. The number behind the Select title indicates if the dog is number 1,2,3, etc.in the Country.

**BIS = The dog won Best in Show at all Breed show over every other Breed exhibited at that show.**

This is a very difficult win for German Shepherd Dogs –Sight For Sore Eyes had multiple Best In Show Wins - Malcolm is line Bred on Sight For Sore Eyes.

**OFA - Registered with the Orthopedic Foundation for Animals and is given a number**

Many of the ancestors on Malcolm's pedigree bear the OFA title = dogs bearing an OFA number are known to be free of Hip Dysplasia

**TITLES**

Malcolm is an American Kennel Club Champion

Malcolm completed his title in two weekends (this is very unusual) including winning an All Breed Group 3 first time shown indoors at all breed show

Malcolm was Reserve Futurity Winner

Malcolm was Reserve Maturity Winner

Malcolm is OFA Hips and Elbows

Malcolm has a gentle nature and is non-aggressive but a very good watch dog.

Malcolm is black and red and mirrors his great-grandsire's breed type, rich pigmented, dark eyes, sound in his movement coming and going with an very good extended, ground

Covering gait. He has very good feet, and pastern with good straight legs.
